January 19, 2011, Day #9: – Learning Leader: Planning and Managing Resources

March 2011, Day #10: – Reflection & Synthesis

**Dates and locations are subject to change*

Developed as a profound program of learning opportunities in the preparation of educators to be excellent curriculum leaders and presented by experienced curriculum leaders with an outstanding reputation for success, this series is aimed at introducing school administrators to a powerful foundation in curriculum. The program will explore how to:

- Be engaged in active learning relevant to the knowledge and skills needed to be successful leaders in the individual district setting
- Gain a wealth of ideas and resources on "getting started" in the new and evolving responsibilities of a curriculum leader
- Know the ingredients of a "high performing school district" and what it takes to get and then stay there
- Understand the value of data mining –why we do it, how we do it, and how to use it
- Understand Michigan standards/expectations (SIF, GLCEs, HSCE, etc.)
- Be able to successfully work with school building leadership to get more students to learn or to learn better
- Understand a system-based approach to curriculum leadership utilizing the School Improvement Framework pillars

In addition, each participant will be connected with an experienced mentor for follow-up and support. This series is designed for new and aspiring district curriculum/instruction leaders.

3 SB-CEUs pending MDE approval.

Developed in line with state guidelines for curriculum endorsement, voluntary administrator certification (pending MDE approval).

Registration Form for Year 2 of this 2 Year Program
